## Important Immunization Requirement: Do You Have a Student Entering Sixth Grade Next Year?

If yes, he or she may need a booster dose of Tdap (tetanus, diphtheria, acellular pertussis). Sixth grade students cannot begin school in August without documentation of the Tdap booster. Parents or guardians should ask their private healthcare provider, or the health department, to review their child's immunization record if they are unsure if their child has received the Tdap booster.

Students who have received a Tdap booster between the ages of seven and eleven do not need another dose. Documentation must be provided to the school student information assistant (SIA) or registrar as soon as possible.
