### **Children Ages 5-11 Now Eligible to VaxUP!**

This week marked a pivotal moment in the COVID-19 pandemic. Children ages 5-11 are now eligible for the COVID-19 vaccine. FCPS is collaborating with the Fairfax County Health Department, Inova, and the Virginia Chapter of the American Association of Pediatricians to offer community-wide access to vaccines as soon as possible.

Vaccines are expected to be available at mass vaccination sites really soon. Check with your local pharmacy or pediatrician for appointment availability. Up-to-date information about vaccination opportunities will be available on our website.

In the meantime, you may have questions about the vaccine. We talked with local pediatricians to answer some of the most common questions. First, we asked how the vaccine works and about its safety. Hear what they have to say in this short video.
